SALEM PARTNERS, LLC (A COLORADO LIMITED LIABILITY COMPANY)

YEAR ENDED DECEMBER 31, 2003

INDEPENDENT AUDITORS' REPORT

To the Members Salem Partners, LLC

We have audited the accompanying statement of financial condition of Salem Partners, LLC as of December 31, 2003, and the related statements of income, changes in ownership equity, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Salem Partners, LLC at December 31, 2003, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying information contained in the computations of net capital, net capital requirement and aggregate indebtedness, is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2003

1. Summary of significant accounting policies and business of the Company:

Formation of the Company:

Salem Partners, LLC (the Company), a Colorado limited liability company, was formed in January 1997. Each member's liability is limited to its respective capital contributions, except as otherwise required by law.

The members' interests in the Company are represented by membership units. There are two classes of membership units: Class A and Class B. Only holders of Class A membership units participate in the management and operation of the Company's business.

At December 31, 2003, two individuals own 190 total Class A units and 410 Class B units, and one individual owns 10 Class B units. There were no changes in members' interests in the Company during the year.

Each member maintains a capital account that is increased or decreased by the amount of profit or loss allocable to the respective member. Losses for any period are allocated among those members having a positive balance in their capital accounts in proportion to and to the extent of such positive capital balances, any remaining losses are allocated among the members in accordance with their membership units. If all members maintain positive capital balances, profit or loss is allocated to members in accordance with their respective membership units.

In certain circumstances, the Company has the option to purchase a member's interest.

Business of the Company:

The Company is a registered broker-dealer subject to the rules and regulations of the Securities and Exchange Commission and the National Association of Securities Dealers. The Company provides investment banking and advisory services to clients primarily in the media and communications industries. The Company does not hold customer funds or securities.

Furniture, fixtures and equipment:

Furniture, fixtures and equipment are stated at cost and are being depreciated using straight-line and accelerated methods over the estimated useful lives of the assets ranging from 5 to 7 years.

Cash and cash equivalents:

The Company considers all highly liquid short-term investments purchased with an original maturity of three months or less to be cash equivalents.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2003

1. Summary of significant accounting policies and business of the Company (continued):

Cash and cash equivalents (continued):

The Company maintains its cash and cash equivalents in accounts which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts.

Securities owned:

Proprietary securities transactions are recorded on the trade date as if they had settled. Profit and loss arising from all securities transactions entered into for the account and risk of the Company are recorded on a trade date basis.

Marketable securities are valued at market value, and securities not readily marketable are valued at fair value, as determined by management.

Other securities:

Other securities consist of a certificate of deposit. The certificate of deposit matures on June 30, 2004 and bears interest at 1.59% at December 31, 2003. At December 31, 2003, the outstanding certificate of deposit balance exceeds federally insured limits. The Company has not experienced any losses in such accounts.

Investment banking and advisory services:

The Company received substantially all of its revenue from investment banking and advisory services which included private placement, merger-and-acquisition, and valuation assistance provided under contractual arrangements that generally require clients to pay a non-refundable deposit, service fees or an agreed-upon fee upon the closing of a transaction. The Company recognizes non-refundable deposits as revenue when services are delivered or performed over the term of the arrangement, recognizes service fees as revenue when the related services are provided, and recognizes transaction fees as revenue when the underlying transaction is completed.

Concentrations:

During the year ended December 31, 2003, four clients accounted for approximately 19%, 19%, 18% and 11% respectively, of the Company's total investment banking and advisory service revenue.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2003

1. Summary of significant accounting policies and business of the Company (continued):

Use of accounting estimates in the preparation of financial statements:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income taxes:

Because the Company is a limited liability company, it is not subject to income taxes. Instead, each member is taxed on its proportionate share of the Company's taxable income, whether or not distributed. Therefore, these financial statements do not reflect a provision for income taxes.

Comprehensive income:

Statement of Financial Accounting Standards (SFAS) No. 130, Reporting Comprehensive Income, requires disclosure of comprehensive income which includes certain items previously not reported in the statement of income. During the year ended December 31, 2003, the Company did not have any components of comprehensive income to report.

Recently issued and enacted accounting pronouncements:

In January 2003, the Financial Accounting Standards Board ("FASB") issued SFAS Interpretation No. 46, Consolidation of Variable Interest Entities ("FIN 46"), which changes the criteria by which one company includes another entity in its consolidated financial statements. FIN 46 requires a variable interest entity ("VIE") to be consolidated by a company if that company is subject to a majority of the risk of loss from the variable interest entity's activities or entitled to receive a majority of the entity's residual returns or both. In December 2003, the FASB approved a partial deferral of FIN 46 along with various other amendments. The effective date for this interpretation has been extended until the first fiscal period ending after December 15, 2003. The Company is currently assessing the impact that the adoption of FIN 46 may have on its financial statements.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2003

1. Summary of significant accounting policies (continued):

Recently issued accounting pronouncements (continued):

In November 2002, the FASB issued SFAS Interpretation No. 45 ("FIN 45"), Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees and Indebtedness of Others. FIN 45 elaborates on the disclosures to be made by the guarantor in its interim and annual financial statements about its obligations under certain guarantees that it has issued. It also requires that a guarantor recognize, at the inception of a guarantee, a liability for the fair value of the obligation undertaken in issuing the guarantee. The initial recognition and measurement provisions of this interpretation are applicable on a prospective basis to guarantees issued or modified after December 31, 2002, while the provisions of the disclosure requirements are effective for financial statements of interim or annual reports ending after December 15, 2002. The Company has made no guarantees through December 31, 2003, therefore the adoption of FIN 45 did not impact its financial statements.

In June 2002, the FASB issued SFAS No. 146, Accounting for Costs, Associated with Exit or Disposal Activities. SFAS No. 146 addresses financial accounting and reporting for costs associated with exit or disposal activities. This statement supersedes Emerging Issues Task Force Issue No. 94-3, Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity. The provisions of SFAS No. 146 are effective for exit or disposal activities that are initiated after December 31, 2002. As the Company did not initiate any exit or disposal activities during the year ended December 31, 2003, the adoption of SFAS No. 146 did not impact its financial statements.

In May 2003, the FASB issued SFAS No. 150, Accounting for Certain Instruments with Characteristics of Both Liabilities and Equity, which establishes standards for how an issuer classifies and measures certain financial instruments with characteristics of both liabilities and equity. SFAS No. 150 requires that an issuer classify a financial instrument that is within its scope, which may have previously been reported as equity, as a liability (or an asset in some circumstances). Mandatorily redeemable instruments (i.e., instruments issued in the form of shares that unconditionally obligate the issuer to redeem the shares for cash or by transferring other assets) are required to be reported as liabilities by their issuers. This statement does not affect the classification or measurement of convertible bonds, puttable stock, or other outstanding shares that are conditionally redeemable. This statement is effective for financial instruments entered into or modified after May 31, 2003. Through December 31, 2003, the Company did not enter into or modify financial instruments that were within the scope of SFAS No. 150, therefore the adoption of SFAS No. 150 did not impact its financial statements.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2003

2. Securities owned:

Securities not readily marketable include investment securities (a) for which there is no market on a securities exchange or no independent publicly quoted market, (b) that cannot be publicly offered or sold unless registration has been effected under the Securities Act of 1933, or (c) that cannot be offered or sold because of other arrangements, restrictions, or conditions applicable to the securities or to the Company. At December 31, 2003, these securities, at estimated fair values, consist of the following:

Warrants	 		\$ 3,905
Options		,	 0
-			\$ 3,905

3. Furniture, fixtures and equipment:

As of December 31, 2003, fixed assets consisted of the following:

Leasehold Improvements	\$	17,714
Equipment		107,376
Furniture and fixtures		46,349
		171,439
Less accumulated depreciation		
and amortization	·	61,318
	\$	110,121

4. Operating leases:

The Company leases office space under a five year operating lease expiring in 2008. Subject to certain conditions, as described in the lease agreement, the Company has the option to renew the lease for an additional five year term. The Company is responsible for its proportionate share of any increase, from 2004, in operating expenses of the building and taxes of the lessor.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2003

4. Operating leases (continued):

In addition, the Company leases certain vehicles and equipment under operating leases that expire through April 2005. Total rent expense for the year ended December 31, 2003 was approximately \$106,200. Future minimum lease payments at December 31, 2003, under all operating leases are approximately as follows:

Year ending December 31,		
2004		137,600
2005	Ψ	127,500
2006		124,200
2007		127,800
2008	··-	86,800
-	\$	603,900

5. Retirement plan:

The Company has established the Salem Partners, LLC 401(k) Plan (the Plan) for the benefit of its eligible employees. The Plan is a defined contribution plan. Participants may contribute from 1% to 15% of their eligible compensation, as defined in the Plan. The Company may make matching and/or additional contributions to the Plan for the benefit of participants at its discretion. During the year ended December 31, 2003, the Company made \$43,800 in contributions to the Plan.

6. Fair value of financial instruments:

SFAS No. 107, Disclosures about Fair Value of Financial Instruments, requires the Company to disclose estimated fair values for its financial instruments, for which it is practicable to estimate fair value. For derivative instruments held for trading purposes, which include options and warrants that are not readily marketable, fair values are estimated by management based on current market conditions and quoted market prices for similar instruments. Management believes that it is not practicable to estimate the fair value of the Company's receivable from affiliate due to the related party nature of the transaction. Management believes that the carrying amounts of the Company's other financial instruments approximate their fair values because of the short-term maturities of these instruments.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2003

7. Net capital requirements:

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2003, the Company had net capital of \$370,668, which was \$365,668 in excess of its required net capital of \$5,000 and the Company's net capital ratio was .007 to 1.

The following is a reconciliation between the Company's computation (included in Part II of Form X-17A-5 as of December 31, 2003) of net capital and the computation based on the audited financial statements:

Net capital, as reported in the Company's Part II	
(unaudited FOCUS report)	\$ 373,178
Haircut on other securities	 (2,510)
Net capital	\$ 370,668

8. Receivable from affiliate:

At December 31, 2003, the Company has advanced a total of \$3,931 to an affiliate controlled by the Class A unit holders of the Company. The advance is non-interest bearing, unsecured, due on demand and is included in "other assets" on the Statement of Financial Condition.

Members Salem Partners, LLC.:

In planning and performing our audit of the financial statements and supplemental schedules of Salem Partners, LLC (the Company), for the year ended December 31, 2003, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1. Making quarterly securities examinations, counts, verifications, and comparisons
- 2. Recordation of differences required by rule 17a-13
- 3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2003, to meet the SEC's objectives.

This report is intended solely for the information and use of the Company's members, management, the SEC, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Ms. Marlene Reed Orrick, Herrington & Sutcliffe LLP 666 Fifth Avenue New York, NY 10103-0001

RE: Exemption from Financial and Operations Principal Requirement

Dear Ms. Reed:

This is to advise that Salem Partners LLC is exempt from the Financial and Operations Principal Requirement based upon criteria established by the Association's Board of Governors. This matter will be reviewed again at the time of the pre-membership interview by the District to determine if the firm continues to qualify for exemption.

Granting this exemption does not preclude the Association from requiring qualifications of a Financial and Operations Principal at some future date should changes occur which effect the basis for granting this exemption.

If you anticipate a change in your operations, you must notify the District prior to any such change and submit Form BD to amend item #10 as well as any other applicable items within the form. As with any change to the information contained in Form BD, amending the form requires that the particular page or pages effected by the change should be corrected and forwarded to CRD together with an originally signed and notarized Execution Page of the Form BD.

Sincerely,

Doris Corporal Membership Specialist
